OK - I believe I heard that the remaining \$10m would be in one fell swoop.

Larry and Elaine - the additional \$4.5m (beyond the \$15m) for the LHCC will go to the HDC in a new CA once the ESD is signed

Dave-

I'll be sure to keep an eye out for the remaining funds next quarter. Just as an FYI- the process of amending IA's has become slightly more lengthy with the centralization of this process in the Region 10 office. I've been trying to minimize the # of amendments, as they will not allow me to amend an IA, which has an outstanding amendment in the works (e.g. being countersigned by the Corps. of Engineers.)

I'll try to get this one pushed through the system as soon as possible.

Thanks again and I'll let you know if I receive any questions/ concerns from Region 10-

Bob - just to clarify, this IAG has been getting funded at \$15m PER YEAR. This may or may not change in the future!

Bob - yes this \$5m should go on IAG #189. We will be getting more funding for this IAG (\$15m total) but not till next qtr so we should go ahead with the amendment.

Elaine/ Dave-

I just received the attached email from Joan yesterday re: an addt'l \$5M for New Bedford. Have two quick questions:

- 1.) I am assuming this funding should be placed on IA DW#96940189 (RA for clean up of upper and lower harbor).
- 2.) Are you expecting any additional funding besides this \$5M that we can supplement the account all at once instead of multiple amendments.

Thanks in advance for your help-
